**BOB**  
DOC# M-73642-5

He's tall, unkempt, and shy. His body type would suggest that he'd disappear if he turned sideways. Often times he'd like that ability.

He's always wanted to be just one of the boys — a goal which he's failed miserably.

Unmistakably the third wheel to the boys' friendship, catching a lot of flack from Lance.

Deep down he's an artist and eventually discovers he wants to be a filmmaker.

**Marginalized and outcasted in the predominately white town. Connected to the boys the only way they knew how: stunts**

**Was destined to leave the small town to bigger and broader things**
